

National Service in Mississippi

MEETING COMMUNITY NEEDS IN MISSISSIPPI

More than 4,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Mississippi. Serving at more than 450 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$20,090,000 to support Mississippi communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$3,890,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 1,100 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Mississippi. Most AmeriCorps grant funding goes to the Volunteer Mississippi, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 14,000 Mississippi residents have served more than 29 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$54,010,000.

Senior Corps: More than 2,900 seniors in Mississippi contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 1,900 young people who have special needs. Senior Companions help more than 660 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 130 groups across Mississippi.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- This figure represents the number of awarded positions available to be filled in the 2014 - 2015 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Mississippi. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- Mississippi is home to the Southwest Region campus of AmeriCorps NCCC, located in Vicksburg. Members based at this campus perform service projects throughout Mississippi and AL, FL, GA, KY, LA, MS, NC, SC, TN, VA, and WV.
- The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 14,000 Mississippi residents have served more than 29 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$54,010,000.

AmeriCorps State

Through Project LINC (Linking Individuals into Neighborhoods and Communities), 20 AmeriCorps members provide life skills training to individuals with disabilities and ensure accessibility of local communities through each of LIFE's six office locations throughout the state. Life skills trainings enable individuals to remain living independently or transition from assisted living back into independent living. In the past eight years Project LINC has helped moved more than 150 people with disabilities out of nursing facilities and back into their own home, provided peer support and skills training to over 10,000 Mississippians with disabilities, and recruited close to 10,000 volunteers to provide direct service to individuals.

AmeriCorps VISTA

AmeriCorps VISTA members sponsored by the University of Mississippi fight poverty through education, and directly impact about 2,000 low-income children and adults in a 23- county area of northern Mississippi. Their project connects the university and its resources with low-communities that have underperforming schools. A VISTA Leader and 24 VISTAs serve in schools, community colleges, and nonprofit organizations to help improve educational access for low-income children and adults. The VISTAs have developed sustainable reading programs that bring families together weekly for reading and literacy activities; created a traveling trunk program that provides lesson plans and teacher training materials to all 23 counties; established sustainable processes for connecting experts from the University of Mississippi School of Education with school teachers and administrators; and established summer learning programs. The VISTAs also raised more than \$100,000 to support educational program.

The goal of the AmeriCorps VISTA program with Genesis and Light Center is to provide services towards the achievement of academic excellence among low-income children, families, and low performing school districts primarily in the north Jackson area. Five AmeriCorps VISTAs help recruit qualified teachers and other community volunteers to support Genesis and Light Center's Educational Assistance Mentoring Project (GLEAM). The VISTAs also help set up systems for data collection to document program accomplishments and engage in intensive fundraising efforts for the organization, which was founded in 1992. In 2014, 25 VISTA Summer Associates along with the five full-year VISTAs were the core person power to assist Genesis and Light Center in achieving a successful STEM educational program that impacted 175 children during a 10-week summer program.

AmeriCorps NCCC

An AmeriCorps NCCC team was requested by The City of Rolling Fork to help them in their mission to improve the quality of life for the citizens of Rolling Fork and surrounding area. Corps Members helped the city with various community beautification projects including painting the hospital and high school, painting street signage, clearing street curbs, completing landscaping at the local library, and renovating the hospitals' geriatric facilities. The team painted and renovated 3,400 square feet of school rooms or hallways, completed one acre of landscaping, supported one library, renovated two public buildings, renovated one school building, and recruited and trained five community youth leaders. Through the infrastructure improvement work the NCCC team completed in Rolling Fork, the team has been able to help the city move forward with its overall mission of improving its citizen's quality of life by inspiring economic improvement and development. The team has worked to increase the overall aesthetic appeal of the town, which gives the citizens a greater sense of pride in Rolling Fork. Painting cross walks and signage on street curbs will help the overall safety in the town.

An AmeriCorps NCCC team partnered with NECHAMA, a voluntary organization that provides natural disaster preparedness, response, and recovery services nationwide; to assist in storm clean-up and to supervise unaffiliated volunteers. After a destructive string of Tornadoes demolished numerous homes in Itawamba County, Mississippi, the NCCC team assisted homeowners by removing approximately 172,078 pounds of debris from homes affected by the disaster. Additionally, the team worked to demolish 5 structures in addition to gutting 2 homes. Throughout this work, the team coordinated 272 volunteers and engaged 10 NCCC alumni in service. Overall, the team's collective efforts assisted 128 individuals directly affected by the devastating Tornadoes that hit Itawamba County, Mississippi. The NCCC team also supported the local chapter of the United Way, offering much-needed volunteer coordination for a blitz clean-up of nearby Tupelo, MS that engaged over 1,000 volunteers in a day of service. By removing debris from residential properties, the NCCC team enabled homeowners to start the rebuilding and healing process sooner and spared homeowners in the area tens of thousands of dollars spent on clean up.

Senior Corps Foster Grandparent Program

The Foster Grandparent Program in Hattiesburg deploys 36 volunteers to help address education and human needs. Foster Grandparent volunteers use their lifetime of skills and experience mentor and support at-risk youth. Mississippi ranks 41st in the nation on high school graduation rates, with only 64 percent of the state's students successfully completing high school. There is a shortage of teachers and other professionals to deliver services to youth. In schools throughout the area where Foster Grandparents are placed, there is increased rates of success among the students most challenged. Teachers, staff and administrators highlight the high value of these seniors' impact and effectiveness.

Senior Corps RSVP

RSVP of Harrison County partners with many nonprofit organizations to address multiple problems. One of those organizations is Shepherd of the Gulf, Inc. Hundreds of Gulf Coast's homeless, many of them veterans, camp out in the woods. RSVP volunteers venture into the woods to distribute blankets, food, household items, and other supplies to this population of homeless campers. For many of these people, RSVP volunteers are their only communication outside of the woods. By organizing community participation and donations from Gulfport citizens, RSVP volunteers sponsor annual events for the this underserved, often invisible population, including Picnic in the Park, Thanksgiving in the Woods, and Campers' Christmas. At each of these events they distribute food, clothing, and other items, provide music and fellowship. Working with nonprofits, community organizations, and the Veteran's Association, RSVP volunteers help many of the homeless transition from living a life in the woods to finding permanent homes in the community.

Senior Corps Senior Companion Program

The Senior Companion Program located in the heart of the Mississippi Delta deploys 72 volunteers in Sunflower, Humphreys, and Bolivar Counties to help address the increased need for home health care and case management services, especially for persons over the age of 85 years who still live in their homes. Senior Companions provide supportive person-to-person service assisting adults that have exceptional needs, developmental disabilities, or other special needs for companionship, ultimately reducing the number of seniors who would otherwise have to be institutionalized.

Social Innovation Fund

The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Mississippi, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$121,500 in expanding the impact of one nonprofit in Mississippi.

Volunteer Generation Fund

With support from the Volunteer Generation Fund, the Mississippi Volunteer Center Network increased from six to eight volunteer centers accounting for more than 60,000 volunteer engagements totaling more than 400,000 hours. Nonprofit partnerships increased to more than 600, with nearly 900 staff and volunteer participants attending capacity-building trainings. More than 1,500 volunteers were recognized for their service. Volunteer Centers began collecting data on volunteer retention, demographics, and activity by 12 different cause categories, as well as volunteer management training effectiveness. The network of volunteer centers formed an informal association with a signed agreement, naming the group Mississippi Association of Volunteer Centers (MAVC).
